ZICER

Much more than office space.

We support what our community creates so that everyone can benefit.

„We are proud to invite partners and clients to ZICER to present what our company does and what Zagreb and ZICER have to offer. We always get positive reactions, and often our customers want to take another walk around the space after the meetings to discover more "hidden gems".”

Grid ONE

„ZICER is not just a space where you develop your business idea - it is the perspective from which you look at the startup world, both successes and challenges. It is a community where people feel at home and a place where ideas become reality.”
